The Primary Care Investment Council is created. The council shall consist of fifteen voting members and two ex officio, nonvoting members. (2) The Primary Care Investment Council shall consist of the following voting members:

- (a) Three representatives of primary care physicians, one representing each congressional district;
- (b) A representative of behavioral health providers;
- (c) A representative of hospitals;
- (d) A representative of academia with experience in health care data;
- (e) Two other representatives of health providers who are not primary care physicians or hospitals;
- (f) Three representatives of health insurers, one of which shall be a representative of a managed care organization;
- (g) One representative of large employers that purchase health insurance for employees, which representative is not an insurer;
- (h) One representative of small employers that purchase group health insurance for employees, which representative is not an insurer;
- (i) One health care consumer advocate who is knowledgeable about the private health insurance market; and
- (j) A representative of organizations that facilitate health information exchange in Nebraska.

The Primary Care Investment Council shall: (1) Develop an appropriate definition for primary care investment;(2) Measure the current level of primary care investment, measured as a part of overall health care spending, by public and private payors in Nebraska; (3) Conduct a comparison of spending on primary care services and health outcomes in Nebraska with surrounding states and nationally; (4) Develop an appropriate target level of primary care investment by public and private payors in Nebraska; (5) Recommend strategies to achieve the target level of primary care investment through alternative payment models; (6) Identify the public health benefits and estimated cost savings that would result from meeting the target level of primary care investment through alternative payment models; and (7) Identify solutions to barriers for Nebraska residents from accessing primary care and for health payors and medical providers from investing in primary care.
