Re: Resignation

Dear Governor Ricketts and Ms. Phillips,

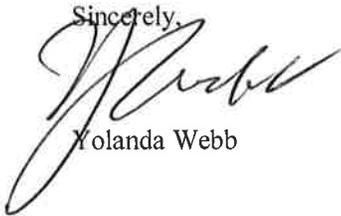

Please allow me this opportunity to express my deepest gratitude upon being selected to lead the Division of Developmental Disabilities within the Department of Health and Human Services in the State of Nebraska.

At this time, I would like to submit my resignation as I have decided (and sometimes life decides) that its best to go in a new direction.

I will take this opportunity to say that the Division of Developmental Disabilities has a wonderful history and is filled with committed, phenomenal people who care deeply about the citizens they serve.

It has been a pleasure meeting and working with you both.

Sincerely,
