EXECUTIVE ORDER No. 19-02

EMERGENCY RELIEF DUE TO WEATHER EVENTS

WHEREAS, commercial motor vehicles and motor carriers are engaged in the business of transporting equipment, materials, and storm debris in conjunction with response and recovery efforts in the State of Nebraska due to a State of Emergency declared March 11, 2019 as a result of severe weather events during this winter; and

WHEREAS, the effective and efficient transportation of equipment, materials, and supplies are consistent with emergency management strategies to provide aid, comfort, and security necessary for the restoration of order and safety to local governmental jurisdictions in the State of Nebraska; and

WHEREAS, federal motor carrier safety regulations determine the number of hours the drivers of commercial motor vehicles which deliver equipment, materials, and storm debris may operate; and

WHEREAS, these conditions threaten essential public health and safety services and endanger public property if response and recovery operations are disrupted due to interruptions of commercial motor vehicle hours of service in the State of Nebraska; and

WHEREAS, the declaration of a State of Emergency will facilitate the granting of a waiver from the U.S. Department of Transportation - Federal Motor Carrier Safety Administration, pursuant to 49 CFR part 390.23 to allow relief from 49 CFR parts 390 through 399, specifically 49 CFR part 395 Hours of Service of Drivers, and subject to the limitations described below, and therefore allow equipment, materials, and debris material to operate additional hours; and

WHEREAS, motor carriers that are not directly supporting emergency response and recovery operations in the State of Nebraska, or that have an Out-Of-Service Order in effect may not take advantage of the relief from regulation that such a declaration provides under 49 CFR 390.23.

NOW, THEREFORE, I, Pete Ricketts, Governor of the State of Nebraska, by virtue of the authority vested in me by the Constitution and laws of Nebraska, find these conditions constitute a state of emergency and for the purpose pursuant to 49 CFR part 390.23 of facilitating a waiver to the U.S. Department of Transportation, Federal Motor Carrier Safety Regulations, specifically 49 CFR part 395 Hours of Service of Drivers, do hereby declare that a State of Emergency within Nebraska for equipment, materials, and storm debris as of March 15, 2019 through April 15, 2019.

Pursuant to this declaration, I hereby order the following:

1. No motor carrier operating under the terms of this emergency declaration shall require or allow an ill or fatigued driver to operate a motor vehicle. A driver who notifies a motor carrier that he or she needs immediate rest shall be given a least ten (10) consecutive hour's off-duty before the driver is required to return to service.
2. Drivers operating under this proclamation shall carry a copy of the proclamation with them as evidence of their direct support to the State of Nebraska during this emergency period.

EXECUTIVE ORDER No. 19-03

EMERGENCY RELIEF DUE TO WEATHER EVENTS – LIVESTOCK OPERATIONS

WHEREAS, many of Nebraska's farm and ranch livestock operations are facing catastrophic animal mortality and large scale failure of livestock waste control facilities as a consequence of the severe weather events occurring in the State of Nebraska that resulted in a State of Emergency, declared March 12, 2019;

WHEREAS, regulatory procedural statutes and state agency regulations impose time requirements for the disposal of dead animal carcasses and reporting discharges of livestock waste, which under these emergency conditions make it difficult for owners and operators to comply with in a timely manner, yet expose these owners and operators to liability for failure to comply; and

WHEREAS, many of these owners and operators have been unable to manage, locate, identify, evaluate, and respond to these dead animals due to the disruption of infrastructure and related services and due to flooding and other inundation of water as a consequence of the severe weather events; and

WHEREAS, many of these livestock waste control facilities are not yet accessible for proper evaluation of the nature and extent of any discharges, real or potential; and

WHEREAS, allowing more time to appropriately assess these situations will permit the owners and operators to more effectively and efficiently respond, outweighs the need of the state government to conduct business.

NOW, THEREFORE, I, Pete Ricketts, Governor of the State of Nebraska, by virtue of the authority vested in me by the Constitution and laws of Nebraska, find these conditions constitute a State of Emergency within Nebraska for dead livestock and animal carcasses, and failed or failing livestock waste control facilities as of March 12, 2019 through April 15, 2019.

Pursuant to this declaration, I hereby order the following:

1. No owner or custodian of any dead animal whose mortality was the result of, or exacerbated by, the extreme weather events necessitating the declared State of Emergency shall be required to, within 36 hours of learning of the death of the animal, either bury or compost the animal or animals on site or transport for rendering or landfill disposal. The owner or custodian will have a reasonable amount of time to properly assess and evaluate their animal mortality and arrange for disposal of animal carcasses. The owner or custodian may transport the dead animals to a licensed rendering establishment by other reasonable methods if licensed transports are unavailable. The owner or custodian shall otherwise comply with Neb. Rev. Stat. § 54-744.
2. A person who owns or operates an animal feeding operation governed by the Livestock Waste Management Act and Title 130, Nebraska Administrative Code, Chapter 2, Section 10, whose livestock operation has caused a discharge, or potential discharge, of manure, litter, or process wastewater to waters of the state shall be required to notify the Department of Environmental Quality by telephone or email within 24 hours of learning of a discharge of livestock waste, rather than 24 hours of the event itself, and shall provide a written report to the Department within two weeks after this initial notification.

IN WITNESS THEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nebraska to be affixed on this 19th day of March 2019.
